

FleetNav™ EXPRESS

The Road to Truck-Friendly Routes

FleetNav Express is an innovative and economic routing solution that provides small fleets and owner operators with address-to-address directions and optimized fuel plans for single-or multi-point routes. A subscription-based service, FleetNav Express is available to drivers online at home or through their laptops in their cab. With FleetNav Express, drivers are able to create optimized truck-friendly routes, built on the industry's most accurate model of the road network. Drivers using FleetNav Express will be able to save time and money and get to their destination safer and faster.

Find Your Least-Cost Route Anywhere

Designed for the Owner Operator, FleetNav Express provides truck-to-door routes. These routes are optimized to:

- Decrease miles driven
- Reduce time spent in travel
- Keep truck on truck-designated roads
- Consider toll charges, low clearances, and road restrictions
- Minimize turns and reduce the number of steps
- Provide the most compact, easy-to-follow directions
